Flashing blue light	🔵🔵	Network configuring
Flashing red light	🔴🔴	Robot malfunction
Flashing orange light	🟠🟠	Low battery
Solid purple light	🟣	Clarifier dispensing
Breathing light	⬜	Charging

Network Configuration

1. APP Download

Scan the QR code to download the latest version of the APP

You can either scan the QR code below or search for "Beatbot" in the App Store or Google Play to download the latest App.
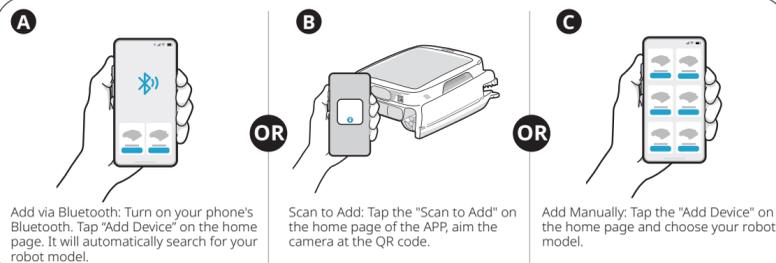

2. Robot Connection

Please check the following items before connecting

- Make sure the robot is turned on.
- Confirm that both your mobile phone and the robot are within the same Wi-Fi coverage range with a strong signal.
- Ensure your phone is connected to Wi-Fi, supporting only the 2.4GHz network.
- Bring the phone close to the robot (the distance between your phone and the robot should be within 1m).

Press and hold both the "Power" and "Action" buttons simultaneously for about 3s, and when you see the indicator flashing blue, the robot is ready for network setup. Then, follow the steps below to connect the robot:

A — Add via Bluetooth: Turn on your phone's Bluetooth. Tap "Add Device" on the home page. It will automatically search for your robot model.

OR

B — Scan to Add: Tap the "Scan to Add" on the home page of the APP, aim the camera at the QR code.

OR

C — Add Manually: Tap the "Add Device" on the home page and choose your robot model.
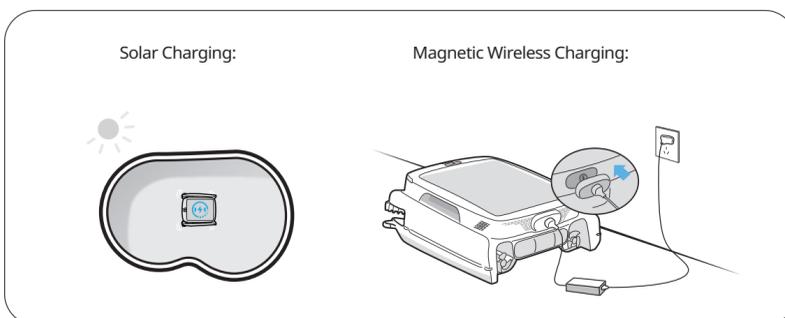

Installation of Clarifying Agent Kit

O Remove the cap of clarifying agent kit.

O Tear off the aluminum film on the interface of the kit.

O Install the kit onto the robot with the interface facing downwards and press it until you hear a "click".

① ② ③

Start

O Make sure the robot is turned on before use.

O Gently place the robot into the pool with both hands. Then, the robot will start cleaning.
